SECTION B: Program report and reflection

Prepared and Verified by: Internal Quality Assurance Cell, Abhilashi University

1. Program objectives

It provides the knowledge of Digital Technology in Pharmaceutical Sciences during Covid-19.

2. Program description:

Ensuring that education is not obstructed during the lockdown, the School of Pharmacy, Abhilashi University is conducting online classes. Students from the poorest sections were brought into the digital system through lectures on popular online platforms and recording classes to be posted on WhatsApp groups of students and faculty members. Taking a step further, the School of Pharmacy organised a webinar on 'Role of Digital Technology in Pharmaceutical Sciences during Covid-19' where prominent professors and professionals shared their views with the students. The screen was shared by Key note speaker Dr. G.D Gupta, who currently working as the director of ISF College of Pharmacy, Moga, Punjab, and Dr. Rupesh Gautam, Professor, MM College of Pharmacy, MMU, Ambala spoke on coordinating efforts of students and teachers to find time-bound solutions to the process of continuous education in the post COVID-19 phase and advocated the need for blended teaching methodology in the days to come.

3. Participants (compulsory):

SECTION B: Program report and reflection

1. Program objectives

- Connecting or awaring NSS volunteers with constitution related activities

2. Program description:

National Service Scheme Unit of Abhilashi University celebrated online Indian Constitution Day (26th Nov. 2020). Dr. H.S Banyal, Hon'ble Vice Chancellor, Abhilashi University was the chief guest of the day and Advocate Umesh Bhardwaj, Distt. Court Mandi, was the speaker of the day. NSS Programme Coordinator Dr. Abhishek Soni Welcomed the chief guest and speaker of the day. Lecture started with Preamble reading. Advocate Umesh Bhardwaj delivered his lecture on Fundamental Duties under (Article 51A). Fundamental duties it should be the duty of every citizen of India as, to abide by the Constitution and respect its ideals and institutions, the national Flag and the National Anthem; to cherish and follow the noble ideals which inspired our national struggle for freedom; to uphold and protect the sovereignty, unity and integrity of India; to defend the country and render national service when called upon to do so; to promote harmony and the spirit of common brotherhood amongst all the people of India transcending religious, linguistic and regional or sectional diversities; to renounce practices derogatory to the dignity of women; to value and preserve the rich heritage of our composite culture; to protect and improve the natural environment including forests, lakes, rivers and wild life, and to have compassion for living creatures; to develop the scientific temper, humanism and the spirit of inquiry and reform; to safeguard public property and to abjure violence etc. After lecture NSS Volunteers Participated different events viz. Quiz Contest (10 Volunteers), Debate competition in groups (5 groups, 5 volunteers in each group), Essay competition (12 Volunteers) and slogan writing competition (20 Volunteers).

SECTION B: Program report and reflection

1. Program objectives

It provides to reduce misconceptions about cancer and to help people in getting the right information about it.

2. Program description:

School of Pharmacy, Abhilashi University celebrated "World Cancer Day" on 4th Feb 2021. The theme for World Cancer Day 2021 was 'I Am and I Will'. It was a multi-year campaign that began in 2019 and this year will mark the last year. The theme represented an empowering call-to-action urging personal commitment, it also represented the power of action taken now to have a positive impact on the future. Mr. Sunny Dhiman, Asst. Prof. delivered lecture on awareness on World Cancer Day and said that the aim to observe World Cancer Day is to reduce misconceptions about cancer and to help people in getting the right information about it. It also offers a chance to make an impact in the betterment of the life of cancer patients and survivors. The leading cause of deaths around the globe happens to be cancer. The top cancers that affect the Indian population are lung, breast, cervical, head and neck and colorectal cancer (CRC). So, it is important to understand each type of cancer and how it impacts the body. On World Cancer Day, everyone comes together with an agenda to achieve a healthier and brighter world free of cancer.

SECTION B: Program report and reflection

1. Program objectives

- To aware volunteers to save water.

2. Program description:

World Water Day, held on 22nd March every year since 1993. School of Pharmacy and National Service Scheme Unit jointly organized lecture on "World Water Day". Dr. Abhishek Soni and Mrs. Chinu Kumari delivered lecture on the day and said that this year's theme World Water Day is about what water means to people, it's true value and how we can better protect this vital resource. The value of water is about much more than its price – water has enormous and complex value for our households, culture, health, education, economics and the integrity of our natural environment. If we overlook any of these values, we risk mismanaging this finite, irreplaceable resource. This day focuses on the importance of freshwater and presses for the sustainable management of freshwater resources. Besides, the day is aimed at raising awareness about 2.2 billion people living without access to safe water resources globally. According to the UN, global water demand is likely to rise by over 50% by 2040.

SECTION B: Program report and reflection

Program description:

Workshop was organized on drug abuse prevention at Abhilashi University on 26 March 2021 and students were made aware of drug abuse. Superintendent of Police Mandi, Shalini Agnihotri, was the Guest speaker of this workshop Ms. Agnihotri said that drug abuse is a slow poison. It has destroyed millions of lives. If it is not stopped it will seriously injure society and the future of our country. The parents of the new generation along with the youth of India should try to make India drug-free.

SECTION B: Program report and reflection

1. Program objectives

To provider to know the risk of disease, response to the therapy, and benefit from more targeted and effective treatment.

2. Program description:

Experts' speaker Dr. Kamal Singh Rathore, Prof. & Head (Dept. of Pharmaceutics), B.N College of Pharmacy, B.N University, Udaipur said that changes in medicine technology provide an opportunity for the patients and the healthcare provider to know the risk of disease, response to the therapy, and benefit from more targeted and effective treatment. However, then, the researchers and physicians need to have robust knowledge and understanding of the genomics and other fields related to personalized medicine. we will have to incorporate technology in reading and research over time. This is the need of the hour. The field of science and genetics allows us to develop effective, safe medications, and doses tailored to an individual's genetic makeup what we call it today as "targeted therapy" which is either small-molecule drugs or monoclonal antibodies.
