Part – IV – Recommendations

A. General Observations and suggestions

1. Management appears to be committed to develop the university and has all the financial resources to deliver.
2. Industry-academic interface and placement cell should be developed. Some visiting faculty should come from industry and academia.
3. More senior faculty needs to be appointed with adequate compensation.
4. In recruitment policy, emphasis should be laid on hiring faculty whose spouses could be also provided jobs. This will help them to retain the faculty.
5. To attract and retain good quality faculty and support staff, the university may consider affirmative action for promotion of girls education including providing free education to daughters of employees (teachers and support staff) of the university in the primary and secondary schools owned by the management including Abhilashi University. Currently only part fees are waived. They may also consider to provide at least 50% fee concession for sons and 100% fee concession for daughters for of the employees.
6. The quality improvement programme (QIP) should be implemented by the University whereby at least 1 or 2 members of faculty from each department are sent for Ph D degrees in elite institutes/universities on 3 years leave with full pay. The university may sign a bond with the employee so that he or she comes back.

CHAPTER 03
COURSE STRUCTURE AND CREDIT SYSTEM

3.1 Course numbering scheme:

At the beginning of the semester, a student registers for courses that he/she wants to study and at the end of the semester a grade is awarded. On obtaining a pass grade, the student earns all the credits associated with the course while a fail grade does not get any credit.

Codes for the nature of courses

Code	Description
L	Lecture courses (other than lecture hours, these courses can have Tutorial and Practical hours, e.g. L-T-P structures 3-0-0, 3-1-2-, 3-0-2, 2-0-0, etc.)
P	Laboratory based courses (Where performance is evaluated primarily on the basis of practical or laboratory work with LTP structures like 0-0-3, 0-0-4, 1-0-3, 0-1-3, etc.)
D	Project based courses leading to dissertation (e.g. Major, Minor, Mini Projects)
T	Training

3.2. Credit System:

Education in the University is organized around the semester-based credit system of study. Annual system courses are percentage based. The prominent features of the credit system are a **process of continuous evaluation** of a student's performance/progress and flexibility to allow a student to progress at an optimum pace suited to his/her ability or convenience, subject to fulfilling minimum requirements for continuation. A student is allowed to attend classes in a course and earn credit for it, only if he/she has registered for that course.

A student's performance/progress is measured by the number of credits that he/she has earned, i.e. completed satisfactorily. Based on the course credits obtained by the student, grade point average is calculated. A minimum grade point average is required to be maintained for satisfactory progress and continuation in the programme. Also a minimum number of earned credits and a minimum grade point average should be acquired in order to qualify for the degree.

All programmes of semester system are defined by the total credit requirement and pattern of credit distribution over courses of different categories displayed on the result card.

Annual system courses are percentage based and norms of the regulatory bodies are followed in the curriculum and examination.

Course credits assignment

a) Each course has a certain number of credits assigned to it depending upon its lecture, tutorial and laboratory contact hours in a week and all over the semester.

b) Lectures and Tutorials: One lecture or tutorial hour per week per semester is assigned one credit.

c) Practical/Laboratory Work: One laboratory hour per week per semester is assigned half credit.

Earning credits

a) At the end of every course for which a student has registered, a letter grade is awarded in each course. On obtaining a pass grade, the student accumulates the course credits as earned credits. A student's performance is measured by the number of credits that he/she earned and by the weighted grade point average.

3.3. Registration for Award of Grades:

i. To get the awards in each course it shall be essential to register the course in the beginning of a semester in the prescribed registration form or at the time of addition of course within prescribed period as given in academic calendar.

i) Semester withdrawal and absence for a semester under different conditions viz.;

a) medical and personal grounds

b) industrial internship

c) exchange / deputation to another academic institution in India or abroad, &

ii) Semester Withdrawal (SW) is proposed to reflect the condition in which a student is forced to withdraw from all courses in the semester on medical grounds. A student can apply for semester withdrawal if he has missed four weeks on this ground.

iii) Semester Leave (SL) is proposed to indicate the situation in which a student is permitted to take one or more semester off for industrial internship or any other assignment with prior approval and planning. The application is to be routed through his course coordinator and HOD, Dean and the final authority will be Vice-Chancellor. All such applications must be processed before the beginning of the semester in which the leave will be taken.

iv) When a student is suspended for one or more semesters on disciplinary grounds, the student status should be called disciplinary withdrawal period (DWP). Time spent in DWP status will be counted towards the total period permitted for completion of the degree.

v) Normally, permission shall not be granted to a student to withdraw from the School of the University for more than one semester.

vi) In special circumstances, on the recommendation of the course coordinator, Dean of faculty and Dean of Studies for reasons to be recorded **in writing**, the Vice-Chancellor may permit temporary discontinuance of studies for a longer period within the provisions of academic regulations. vii) No student shall be permitted to withdraw from the University for more than two semesters during the degree programme. If a student remains unregistered for a total period of more than two semesters, he shall stand automatically dropped from the University.

3.5. Dropping from the University

Grading System

A student is required to complete the academic requirement as per the curriculum components. A student is awarded with Grade points and Credit points in each course registered indicating the performance of that course. The grade point structure with corresponding grade is as shown in table below:

GradePoint	10	9	8	7	6	5	0
Awards percentage	=100 &≥90	<90&≥80	<80&≥70	<70&≥60	<60&≥50	<50&≥40	<40

Note: The above scheme may vary for other Programmes and courses as per their affiliating body norms.

The SGPA (Semester Grade Point Average) is an indicator of the overall academic performance of a student in the semester registered. For example, if the grade points awarded to a student are G1, G2…, Gm in courses (say,1, 2,…m) with corresponding credits C1, C2,…, Cm, the SGPA is given by

$$SGPA = \frac{C1\,G\,1C\,2\,G2\ + ... + C\,m\,G\,m}{C1 + C\,2\ + ... + C\,m}$$

Similarly, the CGPA (Cumulative Grade Point Average) indicates the overall academic performance of a student in all the courses registered up to and including the latest completed semester/supplementary term. It is computed in the same manner as the SGPA, considering all the courses (say, n), and is given by

$$CGPA = \frac{\sum_{i=1}^{n} C_i G_i}{\sum_{i=1}^{n} C_i}$$

The non credit courses of respective semester is not accounted for SGPA or CGPA conversion and marked either satisfactory or Unsatisfactory.

Promotion and Progression:

A student is required to complete all prescribed courses successfully in scheme & syllabi of concerned programme and attain a minimum SGPA/CGPA of 5.0. An undergraduate student securing a grade point less than 5.0 shall be declared Lack of Success (LS) in that course. A student with LS in a course is permitted to reappear in the end semester examination of that course offered next. The minimum pass requirement thus obtained after reappearance is represented with symbol [] along with grade point in the score card. The score card would be issued to student only after scoring the minimum pass requirement in all the prescribed courses of that respective semester.

Significance of Letters		
S -Satisfactory	W-Withdrawn	LS-Lack of Success
US-Unsatisfactory	I -Incomplete	IG- incomplete Grade
NC – Non-Credit Course	R -Repeat	
Overall grades ,CGPA points and CLASS		
10	O	Outstanding

CHAPTER 18
RETENTION AND DESTRUCTION OF RECORDS

18.1 Procedure for Maintenance of Academic Records

Abhilashi University, Mandi was established by Govt. of Himachal Pradesh vide "Abhilashi University (Establishment & Regulation) Act, 2014" and recognized by UGC under section 2 (f) and 22 (1) of the UGC Act, 1956. Therefore, formal official communication is taking place within the University as well as with multiple external Organizations from time to time. Being formal and in hard copies, this communication causes accumulation of records in the form of files, folders, registers and receipts etc. Down the line, Abhilashi University, Mandi has adopted various digitization methods and online portals for admissions, recruitment, fee deposit and other important information. With the ongoing time and the development of University, this stack is increasing in due course of time. Hence to save the office space and to better manage the office communications, it becomes necessary to weed out the obsolete records which are no longer required in the Abhilashi University. Abhilashi University is thus desired to have a simplified policy on records retention schedule, periodicity of destruction and a convenient procedure of weeding out the obsolete records. The details of this document cover the need of individual sections, mandate to constitute intra section committees for verification and certification of destructions of obsolete records of the University. A policy for retention and destruction of records should be framed as per the guidelines and procedure for Section/School/Faculty stated in this ordinance.

At the beginning of the semester, a student registers for courses that he/she wants to studyand at the end of the semester a grade is awarded. On obtaining a pass grade, the studentearns all the credits associated with the course while a fail grade does not get any credit.

The nature of the course with course code is given in Table below

Table 4: - Codes for the nature of courses

Code	Description

D	Project based courses leading to dissertation (e.g. Major, Minor, Mini Projects)
T	Training

Credit System:

Education in the University is organized around the semester-based credit system of study. Annual system courses are percentage based. The prominent features of the credit system are a **process of continuous evaluation** of a student's performance/progress and flexibility to allow a student to progress at an optimum pace suited to his/her ability or convenience, subject to fulfilling minimum requirements for continuation. A student is allowed to attend classes in a course and earn credit for it, only if he/she has registered for that course.

Chailchowk, Mandi (H.P.) 175045

Prof. [illegible] Chaudhary

A student's performance/progress is measured by the number of credits that he/she has earned, i.e. completed satisfactorily. Based on the course credits obtained by the student, grade point average is calculated. A minimum grade point average is required to be maintained for satisfactory progress and continuation in the programme. Also a minimum number of earned credits and a minimum grade point average should be acquired in order to qualify for the degree.

All programmes of semester system are defined by the total credit requirement and pattern of credit distribution over courses of different categories displayed on the result card.

Annual system courses are percentage based and norms of the regulatory bodies are followedin the curriculum and examination.

COURSE CREDITS ASSIGNMENT

1. Each course has a certain number of credits assigned to it depending upon its lecture, tutorial and laboratory contact hours in a week and all over the semester.
2. Lectures and Tutorials: One lecture or tutorial hour per week per semester is assignedone credit.
3. Practical/Laboratory Work: One laboratory hour per week per semester is assigned halfcredit.

EARNING CREDITS

1. At the end of every course for which a student has registered, a letter grade is awarded in each course. On obtaining a pass grade, the student accumulates the course credits as earned credits. A student's performance is measured by the number of credits that he/she earned and by the weighted grade point average.
2. The credit requirement for students admitted through lateral entry in B Tech/Pharmacy programmes will be counted from 3rd semester onward. However, the total number of credits for such lateral entry students must be mentioned in the final detailed markscard as per Pharmacy Council of India or AICTE guidelines.

Grading System

The SGPA (Semester Grade Point Average) is an indicator of the overall academic performance of a student in the semester registered. For example, if the grade points awarded to a student are G1, G2..., Gm in courses (say,1, 2,...m) with corresponding credits C1, C2,..., Cm, the SGPA is given by

$$SGPA = \frac{C1\ G\ 1C\ 2\ G2 + ... + C\ m\ G\ m}{C1 + C\ 2 + ... + C\ m}$$

Similarly, the CGPA (Cumulative Grade Point Average) indicates the overall academic performance of a student in all the courses registered up to and including the latest completed semester/supplementary term. It is computed in the same manner as the SGPA, considering all the courses (say, n), and is given by

$$CGPA = \frac{\sum_{i=1}^{n} C_i G_i}{\sum_{i=1}^{n} C_i}$$

The non credit courses of respective semester is not accounted for SGPA or CGPA conversion and marked either satisfactory or Unsatisfactory.

Promotion and Progression:

A student is required to complete all prescribed courses successfully in scheme & syllabi of concerned programme and attain a minimum SGPA/CGPA of 5.0.

An undergraduate student securing a grade point less than 5.0 shall be declared Lack of Success (LS) in that course. A student with LS in a course is permitted to reappear in the end semester examination of that course offered next. The minimum pass requirement thus obtained after
