Foreword by Hon'ble Chancellor

Abhilashi University was established by the Government of Himachal Pradesh vide ordinance No.3 of 2014 dated 14.08.2014 at Chail Chowk in Mandi District of Himachal Pradesh. Abhilashi University is approved by UGC and it is recognized university with a right to confer degrees as per the Section 2(f) of the University Grants Commission Act, 1956. It was a coincidence and auspicious occasion on this day to celebrate India's Independence. Abhilashi University was inaugurated by his Holiness Satguru Baba Hardev Singh Ji Maharaj.

The founder visionary and educationist of Abhilashi group of Institutions was Shri Tulsi Ram Abhilashi. At the same time, other legendaries in the said team have inspired Abhilashi University to set emphasis on development and academic excellence from local tiny place to global level. All dedicated teachers, Alumni; Stakeholders and the entire management of Abhilashi Educational Society will successfully promote and foster a culture of high quality teaching, learning & research, along with greater support and contribution of people of Himachal Pradesh. The University has always placed students community at the centre and strive to bring in them the value of harmony, co-operation, sharing & reverence for life with solution and positive perception which encouraged them to realize their vigor and strong desire to fall into adventure with greater encouragement to face global challenges.

The Annual Report : 2018-19 document in hand is third in series which portrays our motto "Where Knowledge is Nectar" along with our vision, Mission and Goals of next quarter of the century, These shall serve as guidelines for scholars and the society for their promotional actions in the true interest of Higher Education. However, the document in hand provides the detail of existing infrastructure, courses, and activities accomplished since its establishment on 14th August, 2014.

I am sure that, Abhilashi University will figure a world level institution in the near future and its management & human resource will always be a source of inspiration. I am sure Abhilashi University will march towards great success as per the time plan drawn in our Vision- document.

Message by the Hon'ble Pro-Chancellor

Agriculture, industry, and service sectors are the backbone of economic growth and Development. Its transformation to accomplish quality of living cannot be possible without quality education. Abhilashi Group has made an attempt in this direction by establishing a University. Since its establishment on 14th August, 2014, Abhilashi University Mandi in Himachal Pradesh has to pass through various phases of growth & development in teaching, research, extension and infrastructure. However, existing infrastructural facilities are not only sufficient in respect to currently on-going programs, but it would also accommodate some additions of new courses in the coming years. The Annual Report :2018-19 document in hand portrays the detail of activities carried out during in recent years since the establishment of Abhilashi University on 14th August, 2014. Still long way to go keeping in view the proposed plans and schemes projected separately in the Vision-2030 document of Abhilashi University. It will build and set-up innovative structure and image of the university. The Vishvavidyalaya is well set to meet the research and knowledge needs of the hill and mountain people and has been known for its contributions it made to the cause of farming community in the state. Abhilashi University will register achievement in human resource development, development of high yielding crop varieties, management technologies for crops, livestock, protected cultivation, organic agriculture and effective transfer of technologies. Establishment of new and additional projects and agro- processing units in the years to come would add in to its diverse activities and growth. Abhilashi University visualize the teaching, research and extension concepts to develop and promote innovative and need based scientific technological approaches to meet the demand of continuously changing social and economic needs together with an explicit and an in-depth Strengths, Weaknesses, Opportunities and Threats analysis .I hope this document will prove useful to the students, researchers, planners, policy makers and stakeholders in all sectors.

PREFACE

Academic excellence in professional and technological & scientific awareness provides strong foundation to the human resource and growth of the nation. The mandate of the University is to impart education in diverse professional courses with special emphasis to medical, engineering, social sciences, legal studies, agriculture and its other allied branches, furthering the advancement of learning and prosecution of research and undertaking extension of such sciences, especially to the rural people of Himachal Pradesh. Abhilashi University made a beginning in this direction and we are committed to significantly transform the farm scenario and living standard of the society. Why should the very best, or the very rich, be able to get access to the best of education? Why should those who are unable to utilize the system's advantages be denied the advantages of higher education?

Today, Abhilashi University establishment only recently has earned its name in the country. The Annual Report: 2018-19 is the third mandatory document of the University in hand. At the same time, Vision-2030 document of the University presented separately is an essence of the strategies and necessities to reap the existing potential and opportunities to strengthen the teaching, research and extension education pertaining to farm field, fruit crops livestock, and other committed areas & components by redefining academic focus as per the changes and challenges confronting the region, establishing the linkages and partnership among stakeholders.

Annual Report: 2018-19 in hand contains a list of contents comprising of various Chapters. The report presents the establishment and Structure of the Abhilashi University. According to the Act and Rules, various academic and management committees have been constituted. Composition and details of infrastructures are also presented. It also describes the admission rules, procedure and mode of admission. Similarly, the conduct of examinations and evaluation methods, progress and performance of the University under each Faculty are also presented. Provisions and arrangements made for the security and safety of the students and the staff followed by the Gender Champions is also presented in this report. Similarly, dignitaries who visited this University during 2018-19 are also mentioned in this document. Our vision is to enable every student to develop self-reverence, self-knowledge and self-control. The university will equip all the students with the wisdom to lead their lives in a righteous and responsible manner. It will offer its students an atmosphere for the development of character with enriched virtues and Nobel ideals. Hence the system of education in the university will be holistic one which will draw out the knowledge, values and wisdom present in a latent form in the student and synthesis of science and spirituality will be an important component of the whole process. This University will not merely prepare students for earning degrees but will cultivate self-knowledge and self-realization. Spiritual education will be integrated harmoniously with ethical, physical, and metaphysical teachings. We will integrate ethics and values as the undercurrent of every subject for which we will adopt the integrated approach of value oriented education through all academic programmes and activities. Our stress will be on character building of the youth, and integration of academics with sports, arts, and social service. We will create a spiritual ambience and disciplined environment in the University campus which is the backbone of any civilized society. Efforts will be made to blend contemporary knowledge with inherited spiritual values for the societal benefit by inculcating the spirit of self-reliance among students. I sincerely hope that students and staff will cooperate and seek blessings of the management to make Abhilashi University known worldwide in the field of academic excellence. I owe my sumptuous thanks to all my colleagues and the Deans of various faculties for their help and cooperation. I am highly indebted to the Hon'ble Chancellor Dr. R.K. Abhilashi and Pro-Chancellor Dr. Lalit Abhilashi for their belief, trust, faith, and cooperation towards the accomplishment of this report.

3. Examination System

The main purpose of the education is to educate students and help them appreciate the better points of the knowledge that is being imparted to them. And exams have the major role in testing as to whether this purpose is being fulfilled or not.

Examinations motivate and force students to study hard because they know they are going to be put to test at the end of the day.

Examinations help to promote healthy competitions among students. Without examinations students would not be forced to compute academically among themselves. Besides, examinations help the teacher to know the performance of his students.

With this understanding, University has formulated and adopted its examination system.

a. Examination Cell:

A separate Examination cell headed by the COE has been created and established by the University and the Cell is responsible for conducting all the activities related to the Term-end Examinations.

b. Term-end Examination

The University conducts Term-end Examinations twice a year in the month of May and December every year. Students are permitted to appear in Term-end Examination on the recommendations of the Dean of the Faculty concerned. These exams are conducted by Controller of Examination in consultation with Dean of Faculty. The Dean of Faculty recommends the names of External /Internal examiners along with their addresses and phone number to Controller of Examinations for paper setting and evaluation. COE submits the names of paper setters for the approval of Vice Chancellor. The evaluation of answer sheets is done by the External/Internal examiners on the spot in the University.

c. Examination Centre

Examination Centre is established in the campus of the University only.

d. Examination Schedule

The schedule for Term-end examination is prepared by the Controller of Examinations in consultation with Dean of faculty concerned. The date sheet and invigilation duty chart is notified by the Controller of Examination after getting the approval from Vice Chancellor at least 20 days before the commencement of Term-end Examination.

e. Conduct of Term end Examination

For the conduct of Term-end Examination a Centre Superintendent and invigilators are appointed by the Controller of Examination after the approval of the Vice-Chancellor for conducting the Examination. The Controller of Examinations gets the papers set and printed for each course from the list of examiners as approval by Vice-Chancellor.

Strict secrecy is maintained in the receiving, printing and supply of question papers by the Controller of Examination. Evaluation of answer books is got done from External/Internal examiners.

f. Results:

The final result is complied and finalized in the office of Controller of Examination and is declared after the approval of the Vice-Chancellor

g. Tabulation of Results

All the results are finally tabulated by the office of the Controller of Examinations for individual student and copy of the transcript is sent to the Registrar.

h. Use of Unfair Means

Any use of unfair material etc. is not allowed in any examination. Any student found using any kind of unfair means is punished as per the recommendation of the committee constituted for the purpose.

i. Quantum of Penalties in Unfair Means Case

3.1. Mentoring of students:

The University has adopted the mentoring system. In each Faculty, the Dean concerned has deputed the teachers as the mentors of the students admitted for the academic session 2018-19. The Deans of the Faculties submit the mentors' report to this office for each month or combined of two or three months. The report contains the academic performance of the students (whether it is Excellent, Good, Satisfactory or Needs improvement) and regularity/attendance (whether regular or needs improvement) in the class. Each mentor contacts the parents of the mentees telephonically to inform them about their ward's response in the college/activities in study. They also inform the parents about the attendance of the students. Further, all the mentors mention the feedback of student and the same received from the parents in the mentors' report. Each mentor submits the mentors' report to the Dean concerned and the Dean after consolidation submit the same to the Registrar office for further information of Hon'ble Vice-Chancellor.

3.2. AUCET/Entrance Test:

The university conducts the entrance in some courses on the basis of which admission made in the courses. Further, in the remaining courses the admission made on the basis of entrance test as prescribed at the state and central level or merit of qualifying examination.

3.3. Discipline:

The university stands strictly for its action on any kind of activities that creates indiscipline in the university campus.

3.4. Monthly Schedule of Workshops, Seminars, Blood Donation Camp, Vridha Ashram, Bal Ashram, Health Camp and Faculty Development Programme:

The monthly schedule of Workshops Seminars, Blood Donation Camp, Vridha Ashram, Bal Ashram, Health Camp and Faculty Development Programme (to be conducted by the Faculties in a month) is consolidated by the Dean of Studies every month after receiving from all the Deans of Faculties and submitted to this office for further submission to the Hon'ble Chancellor for information. Similarly, regular meetings of all the statutory and mandatory committees/ bodies are held periodically.

3.5. Time-Table:

Every Faculty submitted the time-table for the academic session 2017-18 odd semester and for even semester on commencement.

3.6. Correspondence with parents of the students for the academic session 2018-19:

In each semester the university made correspondence with the parents of the students regarding information of subject wise attendance of the student in the university and regarding fee also. Parents are also informed that they may contact the mentor of their ward for any further clarification whose name and mobile number made available with the correspondence/letter. Students of different courses are also receiving the education loans from the banks.

3.7. Anti-ragging Committee:

In reference to UGC D.O. letter No.F.1-15/2009(ARC) pt-111 issued time to time regarding curbing the menace of ragging in Higher Educational Institutions, all the Deans are directed to implement mandatorily the Regulations notified by UGC on curbing the menace of ragging in higher educational institutions in order to prohibit, prevent and eliminate the scourge of ragging. To step up anti-ragging mechanism university has made adequate publicity by various mediums such as CCTV cameras, regular interaction with the students, mentioning the anti-ragging warning in the university prospectus. Anti-ragging posters are also displayed in all the prominent places like Department, Faculty, Library, Canteen, Hostels etc. Further, in compliance to the 2nd Amendment in UGC Regulations, submission of online undertakings is also made compulsory to each student and parent in every year. Similarly, all other statutory and mandatory committees have been constituted in the university. Meetings and proceedings are maintained by the relevant & concerned conveners.

3.8. INFLIBNET/SHODHGANGA:

In compliance to HPPERC letter No.HP-PERC/CA/Abhilashi/Ph.D/2016-17-2707 dated Shimla-2, the 9th March, 2016 and as per the guidelines of UGC for Shodhganga, the university started the process of membership of INFLIBNET/SHODHGANGA long back and it is effectively adopted by the university.

3.9. Gender Champions and National Service Scheme (NSS):

In compliance to UGC D.O. letter No. 91-2/2014(GS) dated 3rd August, 2014 regarding engagement of the Gender Champions in the educational institutions, the university has engaged a minimum of two students as the Gender Champions from every course of each Faculty with essential up-gradation.

A self financing NSS Unit for university has been approved by the Government of India, Ministry of Youth Affairs and Sports, Regional Directorate, National Service Scheme, Chandigarh for the university. The NSS unit approved for 3 years with 100 volunteers. Its works carried out in the university have been appreciable.

4. FACULTY OF SCIENCE

Faculty of Science is one of the premier Academics of the university established in 2014. The faculty is having two schools viz. School of Agriculture and School of Basic Sciences which are managed under the Faculty Science. The School of Agriculture was established in 2014 with the objective to provide quality education to the students in the field of Agriculture so that the farmers are well equipped with modern package of technical know how to handle the threats and challenges of globalization. The School of Basic Sciences has been established to look into the problems relating to health, industry and water. This school offers M.Sc. and Ph.D. courses in the departments of Chemistry and Zoology, and post graduate degree in Mathematics.

4.1. SCHOOL OF AGRICULTURE

School of Agriculture has been established in Abhilashi University under Faculty of Science in 2014. This school is offering B.Sc. (Hons.) Agriculture (4-year course spread over 8 semesters) with an intake capacity of 120 students. Under the co-education system, the students are admitted to the course after an entrance test conducted by the university.

After going through common and elective courses in Agriculture, Animal Husbandry and Basic Sciences during the degree programme, we have in the course curriculum a one year exposure of the students in complete rural settings where the students will go and live along with farm families in the villages and have the first-hand experience of their living, agricultural practices, difficulties and expectations. Students will be attached to an agriculture-based industry in order to acquaint themselves with post-harvest processing of agriculture produce and link agriculture production with industry.

The School of Agriculture is working with a vision and mission to fulfill threefold responsibility:

- To produce competent human resource.
- To educate the farming community regarding the modern techniques of Agriculture so as to make the profession viable and remunerative.
- Continuing finding new technologies suiting to specific needs of the region through continued research.
- To promote the Agricultural education and research to disseminate knowledge in Agriculture/Forestry/Horticulture Sciences for sustainable and productive use of the produce for the welfare of society.
- To develop knowledge about the various Agriculture, Forestry, Horticulture and vegetable crops for the enhancement of production and productivity of vegetables, Cereals, Horticulture commodities in the area

FIELD ACTIVITIES PERFORMED BY STUDENTS:

Maintenance of Departmental Polyhouse by students of Agriculture: Along with theoretical classroom teaching, experiential education was also imparted to the students of B.Sc. (Hons.) Agriculture. The operational activities required to start a polyhouse were also demonstrated to the students. Various field operations carried out by students can be seen from the following pictures:

Along with different agricultural practices, students were also made familiar with some important experimentations like I) collection and preservation of soil samples, II) preparation of vermicompost units in a university farm field and bioformulations of Zero budget natural farming (Like beejamrit, Ghanjeevamrit, Agniaster, Bhramaster, Neemaster).

Preparation of zerobudget natural farming model and its bioformulations

The School of Agriculture has established an orchard in about 3 bighas land area which is now in its 3rd year developmental stage. There are 45 number of plants of different varieties of apple viz. Oregon Spur, Super Chief, Gale Gala, Granny Smith and Scarlet Spur are growing, of which Gale Gala and Super Chief came first time into full bearing after the establishment.

In fruit orchard, various other fruit crops are also grown namely:

- i) Pomegranate- Varieties: Kandhari, Kabuli (hard seeded) and Bhagwa (soft seeded)
- ii) Pear- Variety: Red Bartlett
- iii) Kiwi- Allison (Male variety) and Hayward (Female variety). This year, kiwi gave good yields and better quality fruits.
- iv) Persimmon-Variety: Fuyu (Non astringent)

Instead of these fruit crops; Peach, Nectarine, Citrus, Walnut and Pecannut are also grown in orchard. This year, flowering and fruit size in peach was improved. On an average 30-40 fruits per plant were produced.

As part of the practical training, students of the 3rd, 4th and 5th semester of B.Sc. (Hons.) Agriculture Programme of Abhilashi University, School of Agriculture, learned to plough and preparation of field for seed sowing, also using this walking type tractor (Power Tiller) in experimental plot by the 4th semester students.

Students were also equipped with following activities in Post Harvest Technology (PHT):

- Preparation of Tomato Jam
- Preparation of Apple Jam
- Tomato Ketchup Preparation
- Orange Squash Preparation
- RTS (Ready to Serve) Preparation

CURRICULAR AND EXTRA CURRICULAR ACTIVITIES

Students visited village for the collection of data on socio-economic status of farmers, their income from agriculture and allied sectors like farming and livestock. By this activity students get accustomed with actual farming practices and it help in calculating the income of individual farmer. Students also discussed the information regarding the various schemes like subsidy, crop insurance, MSP (minimum support price), and market prices of various commodities etc.

Educational tour Regional Horticulture Research Station Bajaura (Kullu)

Educational tour was organized for the students of B.Sc. Agriculture 4th year on 11th October 2018. The motive of this tour was to provide practical knowledge regarding varieties, cultural practices and insect pest management of horticultural crops.

Vermicomposting

In order to aware students about preparation and benefits of vermicompost, a vermicomposting unit was prepared in the vicinity of Abhilashi University. Best species of earthworms namely, *Esenia fetida* and *Eudrilus eugeniae* were used for the preparation of vermicompost. This compost takes 2-2.5 months time for use in agricultural fields and orchards.

EXTENSION EDUCATION ACTIVITIES

In order to make students acquainted with horticulture and agriculture in rural hilly areas, various agricultural schemes/policies going on in villages, extension activities were organized. Farmers of adjoining areas were also educated about the modern techniques within their reach to make best use of their resources. This not only educated the farmers but provided an opportunity to the students to mingle with the farming community and have a firsthand feel of their difficulties and rural life.

Accordingly a series of extension activities which should be useful to the students, farmers as well as Faculty members were planned with the following objectives:

- To give an exposure to the students about the rural life and the local practices which the farmers are following. Also, they will have a practical session of growing Orchard, preparing the Vermicompost and fruit processing operations.

- To educate the farmers regarding the importance of Vermicomposting and demonstrate them the correct procedure of preparing Vermicompost.
-

RURAL AGRICULTURAL WORK EXPERIENCE (RAWE) PROGRAMME

In order to sharpen the knowledge and skills of agricultural students, Rural Agricultural Work Experience (RAWE) programme is offered in final year of B.Sc. (Hons.) Agriculture degree programme which includes training, demonstration, observation, practice and participation in purposeful activities and to orient our agricultural graduates for participation in various rural developmental programme, primarily to understand the rural situations, status of agricultural technologies adopted by farmers, prioritize the farmers problems and to develop skills & attitude of working with farm families for an overall development in rural area.

• Year of start of RAWE	2019
• Number of students participated in RAWE	109
• Time of offering RAWE	8th semester
• Credit hours	(0+20)
• Grading	10 point scale
• Attendance	85% is essential

WORLD FOOD DAY CELEBRATION

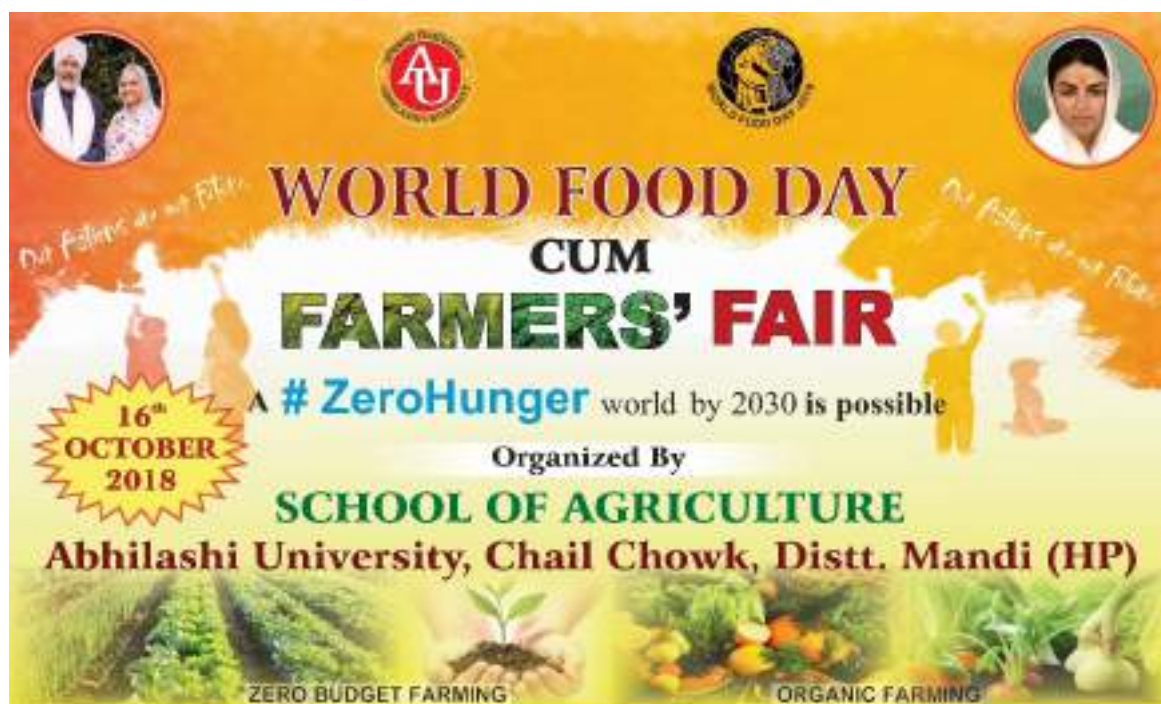

A World Food Day cum Farmer's Fair was organized on 16th October 2018 by School of Agriculture, Faculty of Science, Abhilashi University Chail-Chowk, Tehsil Chachyot, District Mandi, Himachal Pradesh, India. The farmers from district Mandi and adjoining area, all faculty members and students of School of Agriculture participated in this programme. This programme was organized with the following objectives:

1. To create awareness among the farmers and students about the importance of World Food Day.
2. Taking part in setting up well-planned and resolute programmes of action to eradicate global hunger by 2030.

Chief Guest of the day, Sh. Anil Bhardwaj Sub Divisional Megistrate, Gohar (Mandi) encouraged faculty members, students and farmers for zero budget natural farming and also updated with number of schemes available with the agriculture department for the benefit of farmers. The guest speaker Dr. R.C. Thakur delivered his talk on the topic "Zero Hunger World by 2030". He presented his views on the important reasons of hunger and the possible measures to eradicate hunger by 2030. He gave more emphasis on sustainable agriculture, organic farming practices, protection of the environment and eradication of the use of hazardous chemical fertilizers, insecticides and pesticides to ensure zero hunger world by 2030. He further made it clear that if these measures are not adopted and implemented properly well in time, this target of Zero Hunger World by 2030 is not possible to achieve.

In addition, the students displayed posters and organized exhibition to depict key message on the world food day theme "Zero Hunger World by 2030". A mini-exhibition was

also organized to exhibit varieties of food products such as organic rice, new farming technology, insect & pests of agricultural crops, seed germ plasm, soil types of different agro climatic zones of Himachal Pradesh, agricultural machinery, indoor & outdoor plants and food items.

Mushroom Cultivation

Cultivation of *Pleurotus ostreatus* was started as a part and parcel of course curriculum (Plant Pathology) on 2nd October 2018. Thirty bags of 4 kg each of compost was prepared. Total production was around 12-15 Kg.

Collection of different mushroom species:

Survey was conducted in the surrounding areas of Chail Chowk. Different mushroom species were collected like: *Pleurotus*, *Morchella*, *Coprinus*, *Lepiota*, *Ramaria*, *Tricholoma*, *Boletus*, *Puffballs*, *Russula*, *Calocybe*, *Agaricus*, *Ganoderma* etc.

6. Achievements

1. Overview:

The Department of Zoology was established in July 2016 with the good faculty and facilities. During the last two years the department has made all round progress and acquired a position among the leading departments of Abhilashi University and other universities of North India. It offers specialization in several major disciplines of Zoology (e.g. endocrinology, entomology, molecular parasitology, animal behaviour, genomics and fish biology). The first batch of M.Sc. students completed their course in June 2018 and is availing good opportunities in various disciplines.

The M.Sc. syllabus of department is based on UGC national curriculum. 39 students are currently enrolled in M.Sc. degree and one in Ph.D. degree. The available trends indicate that the department has played a significant role in the promotion of higher education among SC/ST students. Further, during the last one year Ph.D. research work is also in progress.

Faculty members:

To realize the vision and mission of Department of Zoology, able and qualified faculty plays a very important role. After a rigorous selection procedure, the following staff members were recruited and are putting in their best efforts for overall development of the department:

1. Dr. Jyotika Brari (Assistant professor)
2. Dr. Neetu Sharma (Assistant professor)
3. Mr. Varun Kumar (Assistant professor)
4. Ms. Sapna (Assistant professor)

1. Teaching Activity:

Courses offered by the department are:

- i) M.Sc. (30 no. annually)
- ii) Ph.D. (02 no. annually)

M.Sc. Zoology

Duration: 4 Semesters.

Eligibility: B.Sc. or equivalent degree with Zoology as one of the subjects and having 50% marks (45% for SC/ST) in Graduation.

2. Achievements:

The department has developed one of the best scientific infrastructural facilities of the country for to promote research and higher studies. The faculty has published over 150 research papers in reputed National and International journal. The department has submitted one project in State Council for Science, Technology & Environment, H.P. (10 Lakh).

Thus, during the last one year the department of Zoology of Abhilashi University as a centre of excellence for higher education and research in zoological science in north region as well as in India.

DEPARTMENT OF MATHEMATICS

The department of Mathematics was established in July 2017 with good faculty and facility. During the completion of last two years the department has made all round progress and acquired a position among the leading departments of Abhilashi University and other universities of India.

The Mathematics syllabus of department is based on UGC national curriculum. About 18 students were enrolled in the first batch and 09 students were enrolled in the second batch of this Degree. The available trends indicate that the department has played a significant role in the promotion of higher education among SC/ST students.

The transformation from a Department to a school has given it a distinct identity as a 'School of Thought'. The philosophy of the school is translated into a mission of creating wholesome personality of human beings with a view to produce effective researchers and teachers. Modern attitude, practical wisdom, knowledge and skill relevant for society are deeply ingrained in the students.

The School is well equipped with the modern methods of teaching and teaching aids. The course work is demanding. The performance of the student is continuously evaluated through class participation, written assignments, class tests in addition to mid-semester and end-semester examinations.

Faculty members:

The department has five faculty members who are actively engaged in teaching, research and other activities.

5. Ms.UrmilKaundal
6. Ms.Priyanka Rana
7. Dr. Shaloo Devi
8. Ms. Chander Rekha
9. Ms. Geeta Sharma

Student Strength

The annual intake of students is 30. Strength of students in the second batch is 09.

Activities carried out during the year:

1. Students of Mathematics 1st year organized a farewell party for the outgoing students of Mathematics and conveyed their best wishes. Ms Neha Sharma selected as Miss Personality from this Department

2. 13 students of first batch have successfully completed their Mathematics degree from the university.
3. The students of second batch have got their achievements by doing hard work in their studies

4. Students of first batch organized Quiz competition based on the them“ Modern Sciences “ All students of the department participated in the competition and the winners were awarded by the Hon’ble Vice-Chancellor.

5. Students have actively participated in various co-curricular activities like extempore, Group discussions, seminars during the session.

Students have participated in Tech Fest “Abhikriti 2019” also participated in Sports Meet and got 3rd position in Folk Dance & 2nd position in Badminton Competition.

5. ABHILASHI AYURVEDIC COLLEGE AND RESEARCH INSTITUTE

I. Academics –

VISIT OF SCHOOL STUDENTS

Govt Sen. Sec. School Pandoh Students visited School of Veterinary Science. Dr.Monika Sharma and Dr.Niharika Thakur Asst. Prof. in School of Veterinary Science gave orientation of Veterinarydepartment and share information related to Veterinary Science.

8.FACULTY OF ENGINEERING AND MANAGEMENT

There are exciting opportunities for the young generation in Engg. and Technology. They follow their careers in both public and private sectors in the technology dominated world. The faculty of Engineering and Technology is instituted with this vision. The faculty has offered undergraduate programmes. The programmes run are as follows:

- (i) Bachelor in Technology in Civil Engineering , B.Tech. (C.E.) Four years course spread over eight semesters.
- (ii) Bachelor in Technology in Mechanical Engineering B.Tech. (M.E.) Four years course spread over eight semesters.
- (iii) Master in Technology in Civil Engineering, M.Tech (C.E.) Two years course spread over four semesters.
- (iv) Master in Technology in Mechanical Engineering, M.Tech (M.E.) Two years course spread over four semesters.

Admission: Students are admitted on the basis of merit as per the H.P. Govt. rules and regulations.

Non- Teaching Faculty: Faculty of Engineering and Technology has highly skilled non-teaching faculty, being 8 in number. They maintain the laboratories and class rooms in order for the smooth experimentation.

Infrastructure: Faculty of Engineering and Technology has well equipped laboratories, class rooms and workshops. Class rooms with raised floors are fitted with fixed furniture for the students. There are two smart rooms fitted with projectors where teaching is through Power Point Presentation. It has a good spacious Conference Hall used for multipurpose (seminars, workshops, conferences and meetings of different committees).

Examination and Evaluations: In assessing the students' performance in studies, the system of continuous assessment is adopted by the University. The system comprises of the

Class Tests, Assignments, Quizzes, Mid-Term-I, Mid-Term-II, End -Term Examinations, Practical Work and seminar presentations. The Mid-Term Examinations were conducted in September and November for odd semesters whereas in March and May for even semesters. The End -Term Examinations were conducted in December for odd semesters and in June for even semesters. Evaluation is based on Attendance, Class Tests, Assignments, Quizzes, Mid-Term, End -Term and Practical Examinations. Evaluation of End-Term Examination (Theory, Practical) is External / Internal on spot System and for Mid-Term Examinations Internal system. The students performed well in examinations.

Syllabus:- Faculty of Engineering and Technology has framed well defined syllabi for B.Tech.(CE,ME & CSE) and M.Tech.(CE,ME & CSE) programmes.

Engineers' Day and Freshers' Party

Engineers' Day was celebrated by the Faculty of Engineering and Management on 15/09/2017 in the Multipurpose Hall of the University, Dr. A.S. Guleria, Hon'ble Vice Chancellor, was the Chief Guest. The function started at 10.30 AM with the lightning of the lamp and SaraswatiPoojan. All the students and teachers of the Faculty of Engineering and Management were present on this occasion Er. Chaman Lal Sharma, Co-ordinator in Engineering Courses welcomed the Chief Guest. He threw light on the life history of renowned Er. Mokshagundum Visvesvaraya Bharat Ratna Award winner whose birth day is celebrated as Engineers' day. The theme of the Day 2017 was, "Role of Engineers in Developing India". Mr. Umaid Yousuf, B.Tech 4th year student and Ms. Sabha Aunjum, B.Tech 3rd year student threw light on the achievements of Mokshagundum Visvesvarayas. Hon'ble Vice Chancellor, Dr. A.S. Guleria delivered a very valuable speech regarding the role of engineering in developing India. He inspired the students to follow the path and principles of the renowned engineer.

Freshers' party to the freshers' i.e. B.Tech 1st year students was organized by the senior students of B.Tech courses of the University. A colourful cultural programme was also enjoyed by the audience. Solo songs, KulluNatti, dances and musical games were played in the party. Prizes were distributed to the freshers by senior students for their performance of activities in the party. The function came to an end at 4.00 PM.

SCHOOL OF MANAGEMENT

The department of MBA was established in July 2016 with good faculty and facility. During the completion of last three year the department has made all round progress and acquired a position among the leading departments of Abhilashi University and other universities of India. It offers specialization in Finance, Marketing and Human Resource Management.

The MBA syllabus of department is based on UGC national curriculum. About 16 students were enrolled in the first batch, 22 students were enrolled in the second batch and 19 students were enrolled in the third batch of MBA Degree. The available trends indicate that the department has played a significant role in the promotion of higher education among SC/ST students.

The transformation from a Department to a school has given it a distinct identity as a 'School of Thought'. The philosophy of the management education at the ABS is built on an integrative value system. It is motivated by duty bound work ethics, human approach and scientific temper. The philosophy of the school is translated into a mission of creating wholesome personality of human beings with a view to produce effective managers, researchers and teachers. Modern attitude, practical wisdom, knowledge and skill relevant for management are deeply ingrained in the students.

The school uses rigorous multifaceted pedagogy with an effective interface with the industry to translate the mission into action. It creates opportunities for its students to enhance their understanding of economic, social and political environment to broaden their horizon not only to adjust to change but to become catalyst, and to develop their power to conceptualize, decide and communicate.

The faculty interacts with industry through consultancy assignments, management development programs, and industry focused research and case studies. Management luminaries are invited for special lectures which help in imparting pragmatic sense to the teaching-learning process.

Practical experience in the actual work environment of the industry is the necessary component of the full time management programs. It is compulsory for every student to go for a summer training of eight-week duration at the end of first year so that students can relate their class-room learning with the reality of management and second year program becomes more goal-oriented and meaningful. The students take Research Project based on specific industry focused problems in fourth semester.

The School is well equipped with the modern methods of teaching and teaching aids. The course work is demanding. The performance of the student is continuously evaluated through class participation, written assignments, class tests in addition to mid-semester and end-semester examinations.

Faculty members:

The department has five faculty members who are actively engaged in teaching, research and other activities.

8.1 List of Gender Champions: 2018-19

India rank 127 in over 150 countries of the world in respect to the gender inequality. Gender Inequality Index (GII) measure inequality in treatment and achievement between women and men in three dimensions. These are reproductive health, empowerment and the dignity of labor/ labor market. Gender inequality remains a major barrier to human development. Girls and women have made major strides since 1990, but they have not yet gained gender equity. The disadvantages facing women and girls are the major source of inequality. Women and girls are oftenly discriminated against health, education, political representation, labour market, etc- with negative repercussion for development of their capabilities and their freedom of choice. The GII measures gender inequalities in three important aspects of human development- reproductive health measured by proportion of parliamentary seats occupied by females and proportion of adult females and males aged 25 years and older with at least some secondary education; and economic status expressed as labour market participation are measured by labour force participation rate of male and female population aged 15 years and older. The GII shed new light on the position of women in over 150 countries. It yields insight in gender gaps in major areas of human development. The component indicators highlight areas in need of critical policy intervention and it stimulates proactive thinking and public policy to overcome systematic disadvantages of women.

The GII is built on the same framework as the HDI and the IHDI – to better expose differences in the distribution of achievements between women and men. It measures the human development costs of gender inequality, thus the higher the GII value the more disparities between females and males. The GII values vary tremendously across countries, they range from 2.1 percent to 23.3 percent. Women and girls are discriminated against in health, education, political representation, labour market etc. Gender inequality remains a major barrier to human development. Girls and women have made major strides since the policy resolution on structural reform in 1990. But divergences and inequalities remains. Therefore, efforts must be made to bring quantitative and qualitative changes in Human Development Index. It is a measure of average achievement in health, knowledge and standard & quality of living. Human health standard is calculated using minimum value of 20 years and maximum value of 85 years. Education component of Human Index showing mean years of schooling up to 18 years (UNESCO). The standard of living dimension is measured by Gross National Per Capita Income which ranged from the minimum of \$100 (PPP) to the maximum of \$7500 (PPP). On the whole, on quantum term girls and boys may be equal but HDI does not reflect an inequalities, poverty, security, empowerment, social justice, self esteem liberty, freedom, respect and honor. In order to promote gender equality, University Grant Commission felt need to change the mode of interaction at home, school, college, and workplace and University level. To accomplish this, UGC realized to create an environment that promote equal treatment for the boys and girls above 16 years of age enrolled in all educational institutions across the nation.

Therefore, Govt. of India envisages engagement of Gender Champions in educational institutions. However, we have brought this important matter in the notice of all concerned at Abhilashi University. Our awareness campaign in each department of each faculty was encouraging. Anti-Ragging committees and Anti-Ragging Flying Squads already notified in the University also played a significant role across the Faculties/ Departments to appoint the Gender Champions and constitute committees of girls and boys students from various departments under

each faculty.. The list of Gender Champions under each Stream/Semester/Department across the faculties is appended herewith. It is expected that these Champions would not only create a healthy and conducive environment by also restore and ensure social justice and gender equality. Above all, every girl and women will hopefully be treated with dignity, honor, respect and self esteem.

Pvt varsities to adopt natural farming

TRIBUNE NEWS SERVICE

SHIMLA, SEPTEMBER 18

Private universities in the state with separate department of agriculture will also adopt the model of zero budget natural farming system and train students about this method of agriculture on the call of Governor Acharya Devvrat.

The decision was taken during a meeting held at Raj Bhawan on Tuesday under the chairmanship of the Governor with the Chancellors of four private universities of the state on the initiative taken by the Himachal Pradesh Private Educational Institu-

tion Regulatory Commission.

This is for the first time that private universities have come forward in showing their interest in agriculture-

related activities and promoting zero budget natural farming in the state.

The Governor said the latest reports of agricultural uni-

versity, Palampur, the horticulture university, Nauni, and Gurukul farm, Kurukshetra, revealed that the organic carbon increased by adopting natural farming.

He informed that by adopting natural farming in Gurukul farm, the quantity of organic carbon reached point 9 per acre, which earlier was point 3. In addition, 25 to 30 quintals of paddy cultivation per acre was being done which was big surprise even to the agricultural scientists.

On the request of the VCs, the Governor assured to provide them Indian breed cows and also advised them to send their

specialists to Gurukul, Kurukshetra, for related information.

He said the state government was working in this direction and training camps were being organised at the village level across the state.

The meeting was attended by Vice-Chancellor of Abhilashi University, Prof A S Guleria, Dean, Baddi University, Brig Subhash Katoch, Chancellor, IEC University, Baddi, Dr Naveen Gupta, Vice-Chancellor, Arni University Brig Sansar Verma and Member, Himachal Pradesh Private Educational Institution Regulatory Commission Dr S P Katyal.

निजी विश्वविद्यालय अपनाएंगे शून्य लागत प्राकृतिक कृषि : राज्यपाल

अमर उजाला व्यूरो

शिमला। राज्यपाल आचार्य देवव्रत के आह्वान पर प्रदेश में स्थित निजी विश्वविद्यालय भी शून्य लागत प्राकृतिक कृषि के मोड़ से अपनाकर यहां अध्ययनरत विद्यार्थियों को कृषि की इस पद्धति के लिए तैयार करने। राज्य में पहली बार इस दिशा में हिमाचल प्रदेश निजी शैक्षिक संस्थान विनियमक आयोग के प्रस्ताव से चार निजी विश्वविद्यालयों के कुलपतियों के साथ संवादित शिमला में आयोजित बैठक में यह निर्णय लिया गया। बैठक की अध्यक्षता राज्यपाल ने की। उन्होंने कहा कि कृषि विश्वविद्यालय फलमपुर, भागनावी विश्वविद्यालय चौबी तथा गुरुकुल कुश्नूर के कृषि फार्म को गुणा रिपोर्ट से यह निर्णय लागू होने आया है कि प्राकृतिक कृषि अपनावे तो जमीन का आर्थिक कार्बन बढ़ा है और मित्र जीवाणुओं की अवस्था संरक्षण का अनुमान लगाना मुश्किल है।

उन्होंने आग्रह किया कि गुरु में इंटेलिजेंट कन्सेप्ट्स का ज़ोर जो आर्गुमेंट इंडिया पर किए गए अध्ययन को लक्ष्य करते हुए कहा कि मिर्च व कवस पर किए गए एक अध्ययन से पता चला है कि प्रति

टेंशन नहीं, अब किसी भी सेमेस्टर में दें परीक्षा तकनीकी विश्वविद्यालय ने छात्रों को दी राहत, ऑड-ईवन एजाम का इंडेंट खत्म

■ नीतिमार्त मारद्वार, हरीद्वार

हिमाचल प्रदेश तकनीकी विश्वविद्यालय से एफिलिएटेड कॉलेजों में शिक्षा ग्रहण कर रहे हजारों छात्रों के लिए राहत भरी खबर है। एचपीटीयू ने छात्रों की सहूलियत को देखते हुए ऑड-ईवन एजामिनेशन का इंडेंट समाप्त कर

हुए स्टूडेंट्स को बड़ी राहत दी है। इसके तहत अब ऑड सेमेस्टर के छात्रों को एचपीटीयू में भी प्रवेश है। ऑड-ईवन के छात्र ऑड सेमेस्टर में जाता है कि कॉपी समग्र से एचपीटीयू में इस सिस्टम को लागू करने की मांग उठ रही थी। एचपीटीयू के सीसी प्रो. एसपी बंदाल ने छात्रों की परेशानी को देखते हुए

इसे लागू करवाया है। विदित रहे कि हिमाचल प्रदेश विश्वविद्यालय में यह सिस्टम पहले से लागू है, केवल तकनीकी विधि में यह सुविधा नहीं थी।

जानकारी के मुताबिक पहले ऐसा होता था कि ऑड यानी पहले, तीसरे, पांचवें और सातवें सेमेस्टर के छात्रों में यदि किसी का ईवन यानी दूसरे, चौथे और छठे सेमेस्टर का कोई पेपर कंप्लीट नहीं होता था तो उन्हें यह पेपर देने के लिए एक साल तक इंतजार करना पड़ता था, लेकिन अब ऐसा नहीं होगा। छात्र छह महीने बाद ही ईवन या ऑड के छूटे किसी भी इन्जाम को दे सकेंगे। इस बार नए सत्र में दाखिल हुए छात्रों के लिए तो

यह राहत की खबर है ही, साथ ही उन ओल्ड स्टूडेंट्स के लिए बहुत बड़ी राहत है, जो ऑड-ईवन के लिए राहत सेमेस्टर में पहुंच चुके हैं और उनका पिछले सेमेस्टर का कोई पेपर अनकंप्लीट रह गया है।

एचपीटीयू के सीसी प्रो. एसपी बंदाल के प्रयासों से छात्रों के लिए चमकती सुख नया किया जा रहा है। इस सत्र से पहली बार यह ऑड-ईवन एजाम का यह सिस्टम शुरू किया जा रहा है। इससे हजारों छात्रों को फायदा होगा प्रो. कुलभूषण चंदेल डीन, पीआरओ, एचपीटीयू

16 हजार छात्रों को मिलेगी राहत

हिमाचल प्रदेश तकनीकी विश्वविद्यालय और इसके अधीन आते कॉलेजों में शिक्षा ग्रहण कर रहे करीब 16 हजार छात्रों को इस फैसले से राहत मिलेगी। मौजूदा समय में एचपीटीयू से करीब 50 कालेज एफिलिएटेड हैं। इनमें लगभग सत्र 14 हजार छात्र-छात्राएं शिक्षा ग्रहण कर रहे हैं। इनके अलावा लगभग 20 हजार ऐसे स्टूडेंट्स हैं, जिनके कंपार्टमेंट फेस हैं।

हरियाणा की छोरियों ने जीता गोल्ड कप अभिलाषी यूनिवर्सिटी चैलेंजों में प्रतियोगिता, फाइनल में हराया झारखंड
