# CHANCELLOR'S MESSAGE

---

It gives me immense pleasure to extend my warm greetings to all stakeholders of **Abhilashi University**. Education, to me, is not merely the acquisition of knowledge but the **nurturing of minds**, the **fostering of innovation**, and the **building of a future** grounded in values, excellence, and service to society.

At Abhilashi University, our vision has always been to create a **dynamic learning environment** where students are empowered to think critically, act ethically, and lead responsibly.

We remain steadfast in our commitment to provide **quality education**, **cutting-edge research opportunities**, and **holistic development** that prepares our students to meet the challenges of an evolving world.

The past year has witnessed **remarkable growth and achievements** across academic, research, and community domains. These accomplishments stand as a testament to the dedication and perseverance of our faculty, staff, and students. I extend my heartfelt appreciation to our partners, alumni, and well-wishers for their continued trust and support in our shared mission.

Abhilashi University is proud to be among the **leading universities of North India**. Within two years of its inception, the University received approval from the **University Grants Commission (UGC)** during its first inspection. It is recognized under **Sections 2(f) and 22** of the **UGC Act, 1956**, and is a member of the **Association of Indian Universities (AIU)**. The University is also approved by several statutory bodies, including the **Central Council of Indian Medicine**, **Pharmacy Council of India**, **Bar Council of India**, **Himachal Pradesh Para Veterinary Council**, and the **Indian Association of Physiotherapists**. Furthermore, the University achieved **NAAC accreditation with a B+ grade in 2022** during its first cycle of inspection.

Abhilashi University is well known for its **professional and industry-oriented programs**, which hold significant relevance in both the government and private sectors. Beyond academics, we are deeply committed to **social responsibility and community engagement**. Our initiatives — including **medical and blood donation camps**, **agricultural awareness programs**, **plantation drives**, **renewable and green energy projects**, **Unnat Bharat Abhiyan**, and **NSS activities** — reflect our dedication to societal upliftment and sustainable development.

As we look to the future, our focus will remain on **innovation**, **interdisciplinary learning**, and **societal impact**. We aim to instill in every student not only academic excellence but also the values of **compassion**, **integrity**, and **leadership**.

To all aspiring students joining the Abhilashi Group of Institutions, I extend a warm welcome. I assure you that your learning journey here will **nurture your creativity**, **broaden your perspective**, and **empower you to contribute meaningfully** to nation-building. Together, let us continue to strengthen Abhilashi University as a **beacon of knowledge**, **progress**, and **human values** for generations to come.

– Dr. R.K. Abhilashi

# PRO-CHANCELLOR'S MESSAGE

---

It is with immense pride and joy that I extend my warm greetings to all students, faculty members, staff, alumni, and well-wishers of Abhilashi University. Our institution stands as a beacon of knowledge, innovation, and holistic development, firmly rooted in the timeless values of our culture while embracing the opportunities and advancements of the modern world.

At Abhilashi University, we are deeply committed to nurturing intellectual curiosity, ethical leadership, and a spirit of social responsibility. Education, in its truest essence, is not confined to acquiring degrees—it is about shaping individuals who can think critically, act compassionately, and contribute meaningfully to the progress of humanity.

Over the years, our university has made remarkable strides in academic excellence, research innovation, and community engagement. We continue to build a dynamic learning ecosystem where students are encouraged to challenge conventional thinking, explore new frontiers of knowledge, and develop into competent professionals and responsible citizens.

The vision of Abhilashi University—"Excellence in professional and technical education through dedication and innovative research"—guides all our endeavors. To realize this vision, the University has adopted the highest academic standards, which have been duly recognized by the University Grants Commission (UGC) and the AICTE Expert Committee, both of which granted approval within two years of our establishment. Our standards have also been acknowledged by other esteemed statutory bodies such as the Pharmacy Council of India (PCI), Bar Council of India (BCI), National Commission for Indian System of Medicine (NCISM), Veterinary Council of India (VCI), and the Himachal Pradesh State Para Veterinary Council.

As we look ahead, our focus remains steadfast on academic rigor, innovation, and global relevance. We aim to prepare our students not just to succeed but to lead and excel in an increasingly competitive world.

I extend my warmest welcome to all prospective and aspiring students of Abhilashi University. I am confident that your journey with us will unleash your potential, sharpen your intellect, and help you achieve excellence in your chosen path. Together, let us continue to build a brighter and more sustainable future for our community and our nation.

**-Dr. L. K. Abhilashi**

# VICE CHANCELLOR'S MESSAGE

---

It gives me great pleasure to extend my warm greetings to all members of the Abhilashi University community — students, faculty, staff, alumni, and well-wishers. Located at Chail Chowk, District Mandi, Himachal Pradesh, Abhilashi University, a proud initiative of the Abhilashi Education Society, stands as a centre of academic excellence amid the serene and picturesque surroundings of the Gohar and Balh valleys.

At Abhilashi University, we are deeply committed to nurturing intellect, creativity, and character. Inspired by the teachings of Swami Vivekananda, we believe that education is the manifestation of the perfection already present in man. Learning, therefore, is a journey of self-discovery — an unfolding of the knowledge and potential inherent in every individual. Guided by the principles of Vedanta philosophy, we view education as the spark that ignites this inner brilliance, enabling students to think critically, act ethically, and live meaningfully.

Our mission is to make quality higher education accessible and inclusive, ensuring that every learner, irrespective of financial background, has the opportunity to grow and succeed. We aspire to create graduates who are not only job seekers but job creators, equipped to contribute to the development of society and the nation. With a team of experienced faculty, state-of-the-art laboratories, and a well-equipped library, we provide an ecosystem that fosters academic excellence and professional growth.

The University places strong emphasis on innovation, research, and holistic development. We encourage a spirit of curiosity and inquiry, enabling students to develop lifelong learning habits and the confidence to meet global challenges with competence, integrity, and compassion.

Abhilashi University stands as a lighthouse of learning, illuminating the path of knowledge, discovery, and progress. As we continue to strengthen our academic and research endeavours, I invite all students to take full advantage of the opportunities that lie before them. Together, let us strive to build a community of learners dedicated to excellence, self-reliance, and service to humanity.

**-Prof. H.K. Chaudhary**

# REGISTRAR'S MESSAGE

---

Failure is simply the opportunity to begin again, this time more intelligently

“Henry Ford”

This powerful quote by Henry Ford captures the essence of lifelong learning and perseverance. I came across it quite unexpectedly and realized how deeply it resonates with all of us — students, parents, and teachers alike. Life offers endless opportunities to learn, evolve, and begin anew, and education is the foundation that enables this journey.

There is never a point in life when one can claim to have learned everything. Education is not confined to the boundaries of classrooms or the pursuit of degrees and certificates. True education is a **continuous, lifelong process** — an exciting voyage of discovery, exploration, and growth. It encourages us to seek knowledge from every experience and to view the world as a vast classroom filled with lessons waiting to be learned.

At **Abhilashi University**, we strongly believe in this holistic philosophy of education. Our goal is not only to impart academic knowledge but also to **ignite curiosity, inspire imagination, and shape character**. We strive to create an ecosystem where students are motivated to think independently, explore fearlessly, and transform their aspirations into achievements.

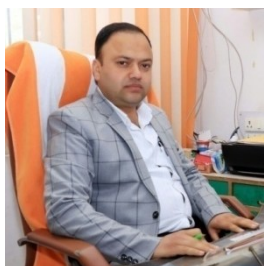

Abhilashi University currently comprises **five faculties and thirteen schools**, offering **forty-two undergraduate, postgraduate, and diploma programs** across diverse disciplines. We are committed to providing every student with the support, guidance, and opportunities needed to realize their dreams and reach their full potential.

As **Albert Einstein** once said, *“Imagination is more important than knowledge. For knowledge is limited to all we now know and understand, while imagination embraces the entire world.”* At Abhilashi University, we encourage our students to nurture that imagination — to think beyond boundaries, innovate with courage, and lead with purpose.

I warmly welcome all students to the Abhilashi University family and assure you that we will **leave no stone unturned** in helping you achieve your goals and shape a future filled with promise, purpose, and success.

**-Dr. Kapil Kapoor**

# MESSAGE BY SECRETARY ABHILASHI EDUCATION SOCIETY

It gives me immense pleasure to present this message on behalf of the Abhilashi Education Society, reflecting upon our remarkable journey in the field of education. Established in 2001, the Society serves as the apex body managing and guiding a wide range of educational institutions across Himachal Pradesh. Over the years, the Abhilashi Group has gained vast and meaningful experience by establishing premier professional institutions between 2001 and 2020, each contributing to our shared vision of academic excellence and societal advancement.

The Abhilashi Group of Institutions began its journey with the establishment of Genius International Public School in 2001, followed by Abhilashi P.G. College of Education in 2003, Abhilashi Institute of Management Studies in 2005, Abhilashi College of Pharmacy in 2006, Abhilashi Institute of Life Sciences in 2007, T.R. Abhilashi Memorial Institute of Engineering & Technology in 2009, Abhilashi P.G. Institute of Sciences in 2010, Chail Public School in 2013, and Abhilashi College of Nursing in 2015. Each of these institutions has played a vital role in promoting quality education and preparing competent professionals who serve both the nation and society.

A major milestone in our journey came in 2014, when the Society established Abhilashi University at Chail Chowk in District Mandi, Himachal Pradesh. The establishment of this university marked a significant transformation in the field of higher education. It was officially notified by the Government of Himachal Pradesh on 14th August 2014 and is recognized by the University Grants Commission (UGC), Ministry of Human Resource Development, Government of India, New Delhi. Since its inception, Abhilashi University has diversified into a wide range of professional and multidisciplinary academic programs while also engaging actively in research, innovation, and community development initiatives.

Today, the Abhilashi Group stands as a symbol of dedication, quality, and commitment to nation-building through education. Our focus remains on developing institutions that not only impart knowledge but also foster integrity, creativity, and social responsibility among students.

I am confident that the information presented in this Annual Report will be valuable to students, parents, and academicians in making informed decisions toward academic and professional excellence. I extend my heartfelt congratulations to the entire team of Abhilashi University and the Abhilashi Group of Institutions for their dedicated efforts in preparing this report and for their continued contribution to the field of education.

## 1. JOURNEY OF ABHILASHI GROUP OF INSTITUTIONS

Abhilashi Group has gained a vast and fruitful experience in the field of education by establishing primer and diverse institutions during the period 2001 to 2020. The rich experience in such a short span of time, enabled the Abhilashi Educational Society to establish an independent Abhilashi University on 14<sup>th</sup> August, 2014. In 2001, Genius International Public School at Ner Chowk in Mandi district of Himachal Pradesh was the first institution established in affiliation with CBSE. Abhilashi P.G. College of Education at the same location was the second addition in affiliation with the Himachal Pradesh University in the year 2003. During 2006, Abhilashi Institute of Management Studies at Nerchowk, and Abhilashi College of Pharmacy at Balt (Tanda) were opened in affiliation to the Himachal Pradesh University, Shimla. In 2007, Abhilashi Institute of Life Sciences was established in Balt (Tanda) in affiliation to the Himachal Pradesh University, Shimla. Another School known as Chail Public School was started in 2013 at Chail Chowk which is affiliated to CBSE. Then, a major transformation in the field of higher education took place at Chail Chowk in Mandi District of Himachal Pradesh by establishing an independent Abhilashi University notified by the Government of Himachal Pradesh on 14<sup>th</sup> August, 2014 duly recognized by the University Grants Commission, Ministry of Human Resource Development, Government of India, New Delhi. Since then, Abhilashi University not only added several professional courses but also diversified in multidisciplinary academic and social activities.

## 6. SCHOOLS, TEACHING FACULTY AND ACTIVITIES

### 6.1 School of Agriculture

The School of Agriculture established in 2014 offers undergraduate and postgraduate programmes in Agriculture. The course curriculum provides an exposure of the students to the complete rural settings where the students go and live along with farm families in the villages and have the firsthand experiences of their living, agricultural practices, difficulties and expectations. Students are also attached to agri-based industry so as to get acquainted with post-harvest processing of agricultural produce and link agriculture with the industry. Besides, the students are registered for opting two modules for skill development and entrepreneurship. The School has highly qualified teachers, well equipped laboratories, smart classrooms and typical hilly terrain student's farm. Occasional snowfall during the winter months add to the beauty of the university campus and places it at a location that is marginal to temperate as well as sub-tropical agroclimatic conditions, thus enabling teaching and research under both the situations.
